TAX DOLLAR 1964

TOWN'S SHARE OF TAX DOLLAR 1964

Town Warrant

THE TOWN OF HUDSON

THE STATE OF NEW HAMPSHIRE

To The Inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Alvirne High School Auditorium in said Hudson on Tuesday, March 9, 1965 next to elect Town Officers for the ensuing year by ballot for which purpose the polls will open at 10:00 A. M. and close at 8:00 P. M., and to act upon the following subjects at 7 o'clock in the evening:

1. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

2. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.

3. To see if the Town will vote to authorize the selectmen to pledge the credit of the Town in anticipation of taxes, up to \$375,000.00.

4. To see if the Town will vote to authorize and empower the Selectmen to sell and convey any and all real estate acquired by the Town for unpaid taxes.

5. To see if the Town will vote to abandon any interest it may have in a certain section of road which lies between the old Route #111 and the new Route #111, between Sta. #159 and #160. This section of road was constructed by the State of New Hampshire as shown on sheet #10 of the Plan of the Hudson - Windham Road, #S-28 (6), New Hampshire Project #S-3791-B.

6. To see if the Town will vote to abandon all its interests in the portion of the following roads and streets not now being used by the Town of Hudson due to the relocation and improvements made in the following streets and roads: Greeley Street, Pelham Road, Dugout Road and Highland Street. This applies only to the portion of these streets and roads that were reconstructed in 1964. All such interests are subject to any easements or rights-of-way that the Town has previously granted to any Public Utilities until such time as these Utilities are relocated.

7. To see if the Town will vote to have the State Tax Commission reappraise all the taxable property in the Town, at a cost not to exceed seven dollars per parcel and to raise and appropriate money for same. Also that this reappraisal by the State Tax Commission be a continuous practise to be by the State Tax Commission be a continuous practice to be applied to all new construction in the Town for the years following the general reappraisal of all the properties in the Town. This procedure shall remain in effect until rescinded by the voters of the Town at some future annual Town Meeting. By petition.

8. To see if the Town will vote to instruct the Selectmen to mail, or cause to be delivered, one copy of the annual Town Report to each property owner in the Town, at his place of residence, at least seven days before the annual Town Meeting, as presently required by law. Additional copies shall be made available at the Selectmen's or Town Clerk's office, for other interested persons. This procedure shall remain in effect until rescinded by the voters at some future annual Town Meeting. By petition.

9. To see if the Town will vote to instruct the Selectmen to post their annual Warrant so that the Town Election will be held on the second Tuesday in March while the annual Town Meeting will be held the following week. This procedure shall remain in effect until rescinded by the voters at some future annual Town Meeting. By petition.

10. To see if the Town will vote to adopt the Amendment to the Zoning Ordinance and the Amendment to the Building Code as proposed by the Planning Board.

11. To see if the Town will vote to increase the annual salary of the Chief of Police to \$7,500.00 per year, retroactive to January 1, 1965.

12. To see if the Town will vote to increase the annual salaries of the four regular Police officers from \$4,500.00 to \$5,200.00 per year, retroactive to January 1, 1965.

13. To see if the Town will vote to authorize the Selectmen to hire additional clerical help and raise and appropriate the sum of \$780.00 for same.

14. To see if the Town will vote to authorize the Selectmen to hire an additional Police officer at an annual rate of \$5,000.00 and raise and appropriate the sum of \$3,500.00 for the remainder of this year.

15. To see if the Town will vote to establish an annual rate of \$7,500.00 per year for the Town Road Agent. This to become effective April 6, 1965.

16. To see if the Town will vote to establish the salary of the Building Inspector at \$700.00 per year.

17. To see if the Town will vote to increase the sum of \$400.00 to \$800.00 for clerical assistance to the Town Clerk and Tax Collector.

18. To see if the Town will vote to increase the health and insurance benefits of the regular employees of the Town of Hudson and raise and appropriate an additional \$1,600.00 for same.

19. To see if the Town will vote to direct the following course of action for the Selectmen to follow regarding traffic problems at the Taylors Falls Bridge:

In the event that a location for a second bridge crossing of the Merrimack River is selected and work is begun by the State on this project during the period preceding the next annual meeting, then the Selectmen are hereby directed to prepare preliminary plans for a solution to the traffic circulation problem at the Taylors Falls Bridge. Such plans shall show proposed traffic flow, new streets as may be required and shall include complete estimated cost of the project. Further, the Town hereby petitions the Hillsborough County Superior Court to grant permission to the Selectmen for the calling of a Special Town Meeting to consider, act on and appropriate necessary funds for the execution of such plans as may be accepted by the Town at the Special Meeting.

20. To see if the Town will vote the sum of \$1,000.00 to prepare plans and engineering for sewage extension to take in Ferry Street from Adelaide Street to Burnham Road, Ottarnic Park area, i.e., Marshmallow Path, Iris Path, Ivy Path, etc., State Street, Ferry Avenue and Alpine Avenue areas. If, and when, the project is constructed, the costs will be assessed to the abutters. By petition.

21. To see if the Town will vote to increase the salary of the Town Treasurer from \$350.00 to \$450.00 per year.

22. To see if the Town will vote to raise the annual salaries of the two women guards from \$500.00 to \$600.00 per year.

23. To see if the Town will vote to authorize the Selectmen to hire an additional woman guard and raise the sum of \$250.00 to start September School term.

24. To see if the Town will vote to hear the report of the Town Government Committee at this time.

25. To see if the Town will vote to rescind action taken at a previous Town Meeting to publish the property valuations in the Town Report.

26. To see if the Town will vote to rescind action taken at a previous Town Meeting to eliminate the publishing of the monies paid out such as those published on pages 88, 89, 90 in the annual Town Report of 1963.

Given under our hands and seal this 18th day of February in the year of our Lord nineteen hundred and sixty-five.

FRANK A. NUTTING, JR.

CLAYTON E. SMITH

ROBERT C. LYNCH

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

March 16, 1964

Board of Selectmen
Hudson, New Hampshire
Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hudson for the fiscal year ended December 31, 1963, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Hills Memorial Library and Sewer Fund Account.

Financial Statements

**Comparative Balance Sheets: December 31, 1962 —
December 31, 1963: (Exhibit A-1)**

Comparative Balance Sheets as of December 31, 1962 and December 31, 1963, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$37,884.28 in 1963.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt		
Net Budget Surplus	\$22,734.57	
Bonds and Notes Paid	22,075.00	
	<hr/>	\$ 44,809.57
Increase in Net Debt		
Long Term Notes Issued	\$ 6,500.00	
Tax Liens transferred to Tax Deeds	425.29	
	<hr/>	6,925.29
Net Decrease		<hr/> \$37,884.28

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1963, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$13,499.18, plus a net unexpended balance of appropriations of \$9,235.39, resulted in a net budget surplus of \$22,734.57.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1963, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1963, is indicated in Exhibit B-2.

Statements of Sewer Fund Account: (Exhibit B-3, B-4, and B-5)

Statements of the activity in the Sewer Fund Account during the fiscal year are presented in Exhibits B-3, B-4 and B-5.

Statement of Long Term Indebtedness: (Exhibit G)

A statement of outstanding long term indebtedness as of December 31, 1963, showing annual debt service requirements, is contained in Exhibit G.

General Comments

Current Deficit:

The current deficit (excess of current liabilities over total assets) decreased by \$22,309.28, from \$38,120.53 to \$15,811.25, in 1963, as shown herewith:

	December 31, 1962	December 31, 1963
Total Assets	\$213,835.46	\$269,337.75
Current Liabilities	251,955.99	285,149.00
Current (Deficit)	<u>(\$ 38,120.53)</u>	<u>(\$ 15,811.25)</u>

Surety Bonds:

The surety bonds of the Town Treasurer and Town Clerk should be increased in amount as follows:

Town Treasurer — from \$10,000.00 to \$25,000.00

Town Clerk — from \$2,000.00 to \$10,000.00

This recommendation is made in order that the amounts of the surety bonds may be more proportional to the amount of funds received and in the custody of these officials.

Conclusion:

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Hudson for the fiscal year ended December 31, 1963. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town of Hudson on December 31, 1963, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

THE YEAR 1964

The year 1964 proved to be another very busy year for your Board of Selectmen. As in past years, we attended many, many meetings such as the State Tax Commission meeting in Exeter which offered helpful information on tax problems and the new laws relative to service exemptions; several meetings in Concord, Nashua and Hudson in regard to a new bridge; many local meetings with various department heads, committees and individuals, in addition to our regular Monday evening meetings.

We are pleased to report, once again, that the year closed showing an unexpended balance of Town Appropriations in the amount of \$1,603.49. This was especially gratifying, as Hudson's share of an emergency expenditure, which was approved by the State Tax Commission, for the repair of the Taylors Falls Bridge amounted to \$2,130.35.

For several years our reports have stressed "the rapid growth of the Town". During the past year the increase in new homes has more than duplicated the figures for the year 1963. The rapidity of this growth has caused growing pains and presents a staggering financial burden and work-load for all departments and committees concerned. Each new house affects nearly every appropriation in the budget, either directly or indirectly, as it progresses from the first application to the Building Inspector on through the various phases which affect the Planning Board, possibly the Zoning Board of Adjustment, the Highway Department, the Police and Fire Departments, the number of new street lights and hydrants, the number of sewer extensions, etc., etc., on to the effect on the other areas as the family moves in, such as the schools, the library and the recreational programs, to name a few. During the year 1964 there were nearly two hundred additional living units constructed in Hudson. Each unit houses, on an average, four or five individuals. In consideration of the above, it is not difficult to understand the necessity for the increase in each new annual budget.

The Road Agent had a tremendous number of projects for the year 1964 and we are very happy to report that almost all of them were completed. A lot of hard work, good planning and the co-operation of the weatherman — for this purpose, at least — combined to complete a successful year for the Highway Department. One storm, however, did interfere with the completion of the Greeley Street project.

The Police Department had a very busy year and has been successful in solving a large percentage of the crimes. The Board of Selectmen are proposing an increase in the salaries for the Chief and regular officers. We are asking for a \$7,500 annual salary for the Chief and \$5,200 for the officers. This will bring the salaries more in line with those paid in other towns throughout the State, and we hope that the townspeople will endorse our recommendations. We are also requesting a work-week of forty-four hours instead of the present fifty-hour week.

As per usual, our Fire Department has done an outstanding job during the past year. The severe drought caused hazardous conditions, but the efficiency of the Firefighters prevented any very serious brush fires. Many man hours were donated in building the new tank truck which is a valuable addition to our fire equipment.

The two women Traffic Guards are doing an excellent job at the intersection of the Lowell Road and Central Street and at the corner of Library and School Street. We are asking that their salaries be raised from \$500 to \$600 in the coming year. We are, also, requesting an additional Guard, as we feel that supervision at busy crossings is needed for the safety of our children.

We attended many meetings in 1964 relative to the location of a new bridge and co-operated with the Planning Board in calling a Special Town Meeting which was held at the Alvirne High School. This meeting was to see if the citizens of the Town would endorse the plan approved by the Board of Selectmen and the Planning Board for a second crossing of the Merrimack River in the vicinity of the old Rochester Railroad Bridge. The meeting was well attended and, after listening to an excellent presentation of facts and figures, viewing maps and diagrams which were projected onto a screen and participating in a question and answer period, a vote was taken and the result was 254 in favor of the above plan and 11 opposed.

We wish to welcome the following new businesses to Hudson: The Nashua Trust Company's branch bank, the Winnstead Restaurant, the Mil Associates, the Garrison Farm Stand, the Golden Eagle Motel and also the United Pentecostal Church.

We should also like to welcome the new residents of the Town and, for their benefit, mention that the Board of Selectmen have office hours every Monday evening, except holidays, from 7:00 p.m. to approximately 11:00 p.m. to meet with the townspeople to discuss problems or to be helpful in any way possible. The office is open daily, Monday through Friday, and is presently situated on the second floor of the Fire Station, but we are looking forward to moving into our new Town Building in the near future. The office telephone number is 883-3161.

Our long-awaited, new Town Building is about to become a reality. It is very seriously needed and will be very greatly appreciated. It will have rooms for Town offices, the Police Department, a record storage room and a meeting hall which will accommodate approximately one hundred and fifty people.

We wish to thank the American Legion, Hudson Post No. 48 for its generous contribution of a new flag and flag pole for the Hudson Center Common, and to express our appreciation to the various Town Officers, committees, groups and individuals who have given us their co-operation and support during the past year.

THE BOARD OF SELECTMEN

POLICE DEPARTMENT REPORT 1964

During the year 1964 the number of complaints have almost doubled over those of last year. This does not include calls received which requested all kinds of information. As the Town grows, more officers are needed to take care of the work load.

The regular, special and auxiliary officers are all receiving instruction and training in various phases of police work. They are being taught how to handle themselves in time of need, how to handle firearms, investigate breaks and accidents and how to handle crowds in emergencies. A large part of this instruction takes place at our Rifle Range. Although there has been a lot accomplished at the range, there is still more work to be done there.

Officer Teichmann was sent to Police School which is run by the State at no cost to the Town, for a period of two weeks. I, also, have attended a number of classes which were conducted by the Federal Bureau of Investigation, in many phases of police work. No officer knows all there is to know about police work and I believe that any schooling which can be given to a police officer will benefit the public and his fellow officers who work with him. At times his life may depend on his brother officer and his ability to handle himself in an emergency.

We have worked, raised some money and purchased a movie projector which is being used in our police training. The projector was purchased for a little over \$600.00 and comes in very handy in showing training films to the officers, as no one is too old to learn new and better methods.

As you people know, we have two officers in the cruiser on night duty. This has proven to be a very good move, as these men have rendered very able assistance in emergencies by administering oxygen to stricken persons, assisting the ambulances and the fire department, checking buildings and a hundred and one other duties requested of your Police Department.

I want to thank all of the officers, their wives, the Selectmen, Mrs. Stella Polak, Mrs. Gertrude Hammond and everyone who has assisted us in doing the job that has been done during the past year. The officers' wives deserve credit, as there are times when emergencies arise and their husbands are called out for duty when they have had other plans.

The Police Department will be very happy when we are able to move into our new quarters — give us the tools and we shall do the job!

Respectfully submitted,

ANDREW J. POLAK
Chief of Police

As of January 1, 1965, we have had 508 days without a traffic fatality.

Accidents are on the increase, due to more and more vehicles on our highways.

The following accidents which involved personal injuries or property damage over \$50.00 were investigated:

- 11 three-car accidents
- 123 two-car accidents

One car accidents were as follows:

- 8 with trees
- 8 with utility poles
- 6 with parked cars
- 1 with a fence
- 2 rolled over
- 1 with mail box
- 5 with stone walls
- 3 with bicycles
- 1 with guard rail
- 2 with stop signs
- 3 with snow banks

114 accidents were reported with damage under \$50.00 and no personal injury.

The following arrests were made:

- 109 speeding
- 2 hit and run
- 12 driving without a license
- 3 reckless operating
- 13 stop sign violations
- 33 yellow line violations
- 2 operating under the influence
- 1 following too close
- 7 operating after suspension
- 8 drunk
- 17 petty larceny
- 1 allowing improper person to operate

- 1 disorderly conduct
- 6 contributing to delinquency of a minor
- 1 passing a school bus
- 1 rape
- 2 uninspected cars
- 4 failure to stop for an officer
- 8 illegal possession of beer or liquor by a minor
- 1 passing on a curve
- 2 defective brakes
- 1 driving without corrective glasses
- 6 red light violations
- 1 dumping rubbish on highway
- 1 loaded gun in car
- 5 breaking and entering and larceny
- 1 robbery
- 3 assault and battery
- 6 failure to yield right-of-way
- 3 resisting arrest
- 5 larceny by check
- 9 larceny by adults
- 1 harboring a fugitive from justice

APPREHENDED

- 2 from industrial school
- 2 absent without leave from armed forces
- 1 from state hospital

COMMITTMENTS

- 2 to state hospital
- 2 to industrial school
- 5 to County farm
- 4 to County jail

DEATHS

- 2 from natural causes
- 1 accidental (fire)

BREAKS REPORTED

- 5 at Green Meadows Golf Club 3 of these cleaned up with the arrest of 2 juveniles
- 2 house breaks 1 of these cleaned up with the arrest of 2 juveniles
- 2 at Fish and Game Club

BREAKS CLEANED UP WHICH OCCURRED IN 1963

7	at the Jasper Poultry Farm Store	2 adults arrested
1	at MacGrath's Stand	1 adult arrested
1	at Moore's General Store	2 adults arrested
1	at the Family Sport Center	2 adults arrested out of state

As additional homes are built and more people move into Town, the police problems increase and there are more and more demands upon the Police Force.

MISCELLANEOUS

770	vacant homes checked (an increase of more than 250 over last year)
104	doors found unlocked
53	windows found unlocked
27	persons located (were reported missing)
96	ambulance runs assisted
9	emergency runs by Chief's car
16	emergency runs by cruiser
198	street lights reported out
488	cars checked by patrolling officers
303	warnings issued for defective equipment, excessive speed, etc.
134	parking tickets issued for different violations

Value of properties recovered amounted to the sum of \$44,199.33 and consisted of the following:

28	cars
49	bicycles
1	house trailer
11	guns
7	tires
9	car batteries
7	car radiators
	tools, such as pliers, jacks, chisels, wrenches, etc. and over \$881.00 in cash.

BOARD OF HEALTH REPORT 1964

Diseases reported:	
Measles	61
Mumps	3
Chicken Pox	22
Dog bites reported	21
Dead animals disposed of:	
Dogs	18
Cats	17
Skunks	9
Birds	4
Squirrels	6
Racoons	1
Rats	4

The dump has been checked periodically by the officers on patrol and by the Board of Health.

Trailer Parks, Boarding Homes and Beauty Parlors have been inspected.

Recommendations have been made relative to sewage problems, water pollution and improvements which would aid and protect the public.

There were nine cases where persons were ordered to pick up rubbish which had blown from their vehicles. They were issued stern warnings and told that further offenses would be taken to court.

The year 1964 held the perilous factor of drought. At such times, the Firefighters are alert for hazards surrounding them. We prepare for these conditions by having drills, being aware of our Town's water supplies and in checking for fire dangers throughout the Town.

As we look back over our 1964 records for property damage, we are also confronted with the terrifying loss of a life. On January 23rd, our Department responded to an alarm for a fire some four miles from the station, which was at 11 Rita Avenue. At the Kulingoski home, our Department's record was marred by the loss of the life of their ten year old daughter, and only outstanding work saved the lives of the other children in the family. The Firefighters accomplished their rescue work by ladder and officers from the Police Department assisted with resuscitation. The Fire Department also did a fine job of holding damage to the home at a minimum.

In this Fire Department report, I urge full co-operation from the residents of the Town of Hudson in doing their part toward fire prevention, and to exercise the following rules:

1. Dispose of combustible matter from your home.
2. Check your electrical wiring; use the proper fuses.
3. Don't store combustibles in cellars and attics, especially where heat is present.
4. Keep matches away from children; teach them the dangers of fire.

5. Don't leave children alone; have a well-trained sitter.
6. Don't use incinerators without covers, *especially* on windy days.

Many of our brush, grass and rubbish fires were caused by carelessness. This proves that many have not been taught and that they do not realize the danger of fires or the terrible things that fire can do.

In conclusion, I URGE FULL SUPPORT AND CO-OPERATION IN HELPING TO ELIMINATE FIRE HAZARDS.

Thank you

OSCAR P. CAMPBELL

Fire Chief

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

Number of fires and burned area in 1964

OSCAR CAMPBELL
Warden

RECREATION COMMISSION REPORT FOR 1964

We were most fortunate to again secure the services of Mr. Dalton Blodgett as Playground Supervisor and Leo Dumont, Jr. as his assistant, and Martina Colburn as Arts and Crafts Instructor.

In Mr. Dalton's report to the Recreation Commission, he clearly stated that he based his program on physical fitness and good sportsmanship.

Playground attendance during the 1964 season was amazing. It was the highest ever recorded during the nine-week playground season and totalled over 950 children. The Arts and Crafts division also had a very successful eight-week session under the expert direction of Martina Colburn. There were over 600 children who registered for the classes which were held at the Youth Center.

The Girls' Softball team had a winning year and was, also, under the management of Mr. Blodgett.

In concluding this report, I wish to commend the directors of the Playground and Arts and Crafts for their most successful season. This year's program was one of the best ever recorded.

CHARLES M. WRIGHT, Chairman
Recreation Commission

PLANNING BOARD REPORT FOR THE YEAR 1964

The Town Planning Board held a total of 29 meetings during calendar 1964, making this by far the busiest year since the Board was organized. In addition to the twelve regular monthly meetings, held on the fourth Thursday of each month, seventeen special meetings were held mostly in regard to the comprehensive plan and to the persistent bridge location problem. In all, the Board gave approval to 48 new subdivisions, an increase of ten over the previous year. The largest of the newly approved subdivisions contained 77 lots. Two subdivisions were denied approval during the year and one of these has since been approved after required corrections were agreed to.

Early in the year the Board decided to propose certain revisions to the Zoning Ordinance. Two public hearings were held on the proposals and articles were included in a Special Town Meeting Warrant for voter action. An appeal was made to the Hillsborough County Superior Court that the two public hearings were improperly held, the court sustained the appeal and the court enjoined the articles from the Special Meeting Warrant. In view of the beginning of work on the comprehensive plan the Board decided to defer any further action on zoning changes.

After the March Annual Meeting, Gordon Smith, William Shepard and Kenneth Clark were reappointed to the Board by the Selectmen. The Board reorganized and Kenneth Clark was named chairman and Robert Schreiterer was named clerk.

On May 6, before a gathering of most of the Town officials, Mr. Harold Kramer of Metcalf and Eddy, professional planning consultants, outlined the comprehensive planning survey to be conducted for the Town. Kramer explained the complete program in detail and asked for the cooperation of all Town agencies. Soon after this initial meeting the survey work was begun in areas of economic base and land use as the facts gathered here will provide the basis for the plan.

With the completion of these studies the consultant was in a position to consider need and location problems regarding the new Town office building voted by the last annual meeting. Next, due to the urgency of the school expansion problem as indicated by the School Board, the consultants directed their activities to this field. This made necessary

the complete population analysis study which the Planning Board received in November. The consultant is presently hard at work on the School Facilities and Plan and a report is expected shortly after the first of 1965.

Problems involved in locating a second bridge crossing of the Merrimack River continue to use many hours of Planning Board time. During the past year the Board felt compelled to ask for a special town meeting to ask Town approval of Planning Board and Board of Selectmen plans for a bridge location. This proposal would locate the bridge at approximately the location of the old Rochester Railroad crossing and would provide a railroad overpass on the Nashua side of the river. This plan is favored by the Nashua Mayor, City Engineer's office, the Nashua Planning Board and the Professional City Planner. The plan has also won the favor of the New Hampshire Highway Department. The close to 300 townspeople present at this special meeting gave almost unanimous approval to the plan submitted by the Selectmen and the Planning Board. The Planning Board will make every effort to see that this problem is solved to the best possible interest of the Town. It is the Board's feeling that this second river crossing is a prime essential in the proper development and expansion of the community's tax base.

The Board looks forward to 1965 and the completion of the Comprehensive Planning Survey. Many worthwhile recommendations will come forth from this work and the Board urges all citizens to attend the public hearings that will be held to explain the many phases of the program. There will be matters involved in this survey that will require voter action and each citizen should keep abreast to insure knowledgeable and proper action. The Board will be moving into its new quarters in the Town Office Building early in 1965 and we hope that this will make us more accessible to other Town officials and to the townspeople. The Board is always open to suggestions from all citizens and is available for any aid that might be desired.

ROBERT F. SCHREITERER, Clerk
KENNETH G. CLARK, Chairman

BUILDING INSPECTOR'S REPORT FOR 1964

Single-family dwellings	149
Two-family dwellings	13
Four-family dwellings	4

Breezeways	1
Plastic covered greenhouses	1
Carwash	1
Addition to schools	1
Total Number of Permits Issued	288

During the year 1964 there were eleven applications for building permits which were denied. The applicants appealed to the Zoning Board of Adjustment for variances and the Board granted ten and refused one.

There were two applications for permits to erect signs which were denied. The two applicants applied for, and received, variances from the Zoning Board of Adjustment.

One application for a permit for gasoline storage in an "A" residential area was received and had to be refused. The applicant appealed for a variance, but this also was refused.

There were four "Stop Work" orders issued, and two of these have been lifted.

There was a total of forty-seven permits issued in 1964 over the total number issued in 1963. Included in this number were permits for eight additional single family dwellings, one additional two-family dwelling and one additional four-family dwelling.

The estimated total cost of new construction was \$2,-318,940.00 and the amount for alterations and additions was \$88,588.00. The cost to build, alter and equip the new addition to Alvirne High School will be approximatey \$500,000.00.

Respectfully submitted,

RICHARD E. MILLARD
Building Inspector

REPORT OF LIBRARY TRUSTEES

The number of persons using the library continues to increase each year and at the present rate of increase the existing facilities and the hours of operation will have to be expanded. In anticipation of this expansion, tentative plans to procure an assistant librarian to convert the basement room to a children's library and to increase the hours of operation have been made.

The Hudson Improvement Group, under the direction of Mrs. Harold French, circulated a questionnaire relative to the improvement and expansion of the library. This survey has not as yet been completed. However, it is evident at this time that the consensus of the townspeople indicates that the facilities, number and type books available and hours of operation must be expanded if first-class library service is to be provided.

Negotiations with electrical and plumbing contractors for the installation of better lighting and installation of additional rest room facilities are under way. It is hoped that following the annual town meeting contracts can be let to complete these two major steps in planned improvements and expansion of facilities.

Some of the major improvements effective this past year have been; installation of two 2,000-gallon underground oil tanks and purchase of approximately \$700.00 worth of furniture.

The landscaping efforts of the Hudson Improvement Group were continued. Numerous shrubs, small trees and flowers were planted, and topsoil and grass were provided. It is hoped that the efforts of this worthwhile group will continue.

The trustees, on behalf of the townspeople, would like to thank all members of the Hudson Improvement Group for their fine contributions to the library during the past year. Our thanks are also extended to Miss Doris Ducharme, Mrs. Ruth Burnell and Mrs. Shirley Bakaian for the help and excellent service they provided in the operation of the library during the absence of the regular librarian, Miss Laura Joy.

REPORT OF TOWN GOVERNMENT STUDY COMMITTEE

The Town Government Study Committee* as authorized in Article 11 as amended in the 1964 Annual Town Meeting of Hudson, New Hampshire has held numerous meetings during the past year.

Consideration was given to the two legally available forms of legislative processes which the town could employ. The first is the present open town meeting form while the second is the representative town meeting form as described in Chapter 40-A, New Hampshire Statutes. This latter form has been presented to the town in the past by referendum.

Consideration was also given to various city forms and modifications and/or combinations of these forms which might be suitable to the Town of Hudson. Adoption of any of these forms would require preparation of special legislation which would have to be passed by the New Hampshire Legislature.

The consensus of the committee study was that the open town and school meeting form as presently practiced could no longer provide proper representation for all the voters of Hudson. This results from the rapid growth of the town in voter registration and population with all the attendant problems of providing sufficient opportunity for action on the warrants. Regrettable as this situation is, it was felt that the best approach to be taken was to devise the best alternate form of government for the town.

The Representative Town Meeting Government (Chapter 40-A) was discussed in detail.

The general opinion of the committee was that the major objection to this form was the large number of required representatives (about 240). Reduction of the number of representatives to less than 100 was felt to be a realistic modification. Other modifications deemed advisable included stipulation of a definite number of districts and changes in the method of filling vacancies.

The various city forms of government were discussed as the natural progression from any representative form.

The majority of the committee felt that the ultimate destiny of Hudson was to become a city in both population and governmental form. There was feeling that any change of local government should provide for the orderly transition to city government when and if the time came. The question as to when this would occur was the subject of some conjecture with some feeling that the time would be very soon.

At the present time the consensus of the committee was that the town and school legislative process should be put on a representative basis.

Using Chapter 40-A (Representative Town Meeting Government) as the basis, the following modifications were proposed:

1. Number of districts to be 6 or 10
2. Number of representatives to be 60 or 90.
3. The representatives to the town meeting to be the representatives to the school district meeting.
4. The meeting representatives, town officials and school district officials to be elected at the same election.
5. The elected chairman in each district to be empowered to appoint registered voters from within his district to fill vacancies in his district delegation, with majority approval of his district delegation and subject to approval by the entire representative town meeting body.

The consensus of the committee was that the work load in the executive branch which has developed with the growth of the town has produced a need for modification of this branch. This condition was deemed to exist in the town and the school district.

The proposals formulated by the committee include the following recommendations:

1. The number of selectmen to be increased to 7 or 9, each of whom to be elected at large for a term of three years.
2. From within the board of selectmen, three to be designated as a board of assessors and it shall be the responsibility of the selectmen to formulate various committees to supervise the affairs of the town.

3. The chairman of the selectmen to be elected annually by the entire board.
4. The number of school board members to be increased to 5 or 7, each of whom to be elected at large for a term of three years.
5. The chairman of the school board to be elected annually by the entire board.
6. The budget committee to be retained as presently legally constituted.

It was the opinion of the committee that these proposals should be incorporated into the appropriate legislation which could be brought to the attention of the people of Hudson.

A bill, by title only, has been filed in the 1965 New Hampshire Legislature to provide the vehicle for the implementation of the change in the form of government for Hudson during this legislative session provided action is taken prior to June 1, 1965. This bill is provided to make the change in the local government if deemed advisable by the townspeople.

Alternate to the above proposed modified town government form would be the city form which has been studied and seriously considered by the committee.

Therefore, be it resolved that the details of the report and proposed legislation be the subject of two public hearings to be called by this committee on Tuesday, April 20 and May 4, 1965.

This report was prepared to present the majority opinion of the Town Government Study Committee.

Respectfully submitted,

CALVIN LOCKE, Chairman
NORWOOD H. KEENEY, JR., Clerk

ORDINANCE
AN ORDINANCE RELATING TO TAXICABS
AND DRIVERS

Be It Ordained By The Board Of Selectmen For The Town Of Hudson, New Hampshire:

- (1) It shall be unlawful to operate a taxicab for hire or permit same to be operated for picking up persons within the Town of Hudson without first securing a license from the Board of Selectmen.
- (2)
 - (a) The applicant for a license must deposit a policy or certificate of liability insurance for each taxicab for which a license is requested in the following minimum requirements by an insurance company authorized to do business in New Hampshire:
 1. Ten thousand dollars (\$10,000) for injury to one person.
 2. Thirty thousand dollars (\$30,000) for injury to more than one person.
 3. Five thousand dollars (\$5,000) property damage in any one accident.
 - (b) The policy must have a clause obligating the issuing insurance company to give the Town of Hudson Selectmen fourteen (14) days written notice before cancellation of policy.
 - (c) The license of such taxicab or taxicabs terminates upon the expiration of the insurance policy.
- (3) No taxicab shall solicit business on the streets or highways of Hudson unless same has a place of business or reside in the Town of Hudson.
- (4) Taxi stands are to be used only by taxicabs who maintain a place of business or reside in Hudson.
- (5) The Board of Selectmen may limit the number of taxicab companies operating from the Town of Hudson if and when it is deemed necessary.
- (6) Fees
 - (a) Each cab — \$2.00
 - (b) Each driver — \$2.00

(7) Violations:

Any violation of the ordinance shall be fined a maximum of \$25.00.

This Ordinance shall take effect upon its adoption.

Filed July 24, 1964

Selectmen of Hudson

JOHN E. BAKER, *Town Clerk*

**AN ORDINANCE
RELATING TO PARKING ON CERTAIN PORTIONS
OF FERRY, CENTRAL AND DERRY STREETS,
LOWELL ROAD AND OTHERS:**

Be It Ordained By The Board Of Selectmen For The Town Of Hudson, New Hampshire:

Strike out Section 1 of the Ordinance adopted July 5, 1963 and substitute the following:

(1) The parking of motor vehicles or other vehicles shall not be permitted for a period longer than 30 minutes at any one time:

(a) Central Street from Taylors Falls Bridge to a point 250 feet easterly both sides of street.

(b) Ferry Street on southerly side from Central Street to Campbell Avenue.

(c) Ferry Street on northerly side from Taylors Falls Bridge to Webster Street.

(11) The parking of motor vehicles or other vehicles shall not be permitted for a period longer than 15 minutes at any one time on Ferry Street 175 feet easterly from east side of Webster Street, Monday through Friday from 9:00 a.m. to 5:00 p.m.

Any person violating this Ordinance shall be subject to a parking violation fine at the Police Station of \$1.00 for the first offense, \$2.00 for the second offense and a maximum of \$25.00 for the third offense in Municipal Court.

This Ordinance shall take effect upon its adoption.

School Warrant

State of New Hampshire

To the Inhabitants of the School District of Hudson, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Alvirne High School in said District on the sixth day of March, 1965, at one o'clock in the afternoon, to vote for officers and Articles 1, 2, 3, and 4. Polls will be open from 1 p. m. to 9 p. m. Action on remaining Articles will begin at 7 p. m.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
7. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district and agents and for the payment of the statutory obligations of the district.
8. To see if the district will authorize the School Board to make application for and to receive in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire or any other federal or state agency.

9. To see if the district will vote to authorize the employment of a Business Administrator for Supervisory Union #27 as provided in RSA 186: II, XXII, XXIII, XXIV, as amended.

10. To see if the district will vote to provide transportation to school for all pupils living in excess of one and one-half ($1\frac{1}{2}$) miles of school, as measured from a central point, and for pupils in grades one through four (1 - 4) who walk along roads and highways that are judged by the School Board as hazardous and unsafe.

11. To see if the district will vote to authorize the School Board to raze the vacant dwelling on the Derry Road known as the Hill House.

12. To see if the District will vote to construct, equip and furnish a middle school and to acquire a site therefor; and to appropriate a sum not to exceed One Million Dollars (1,000,000.00) for the aforesaid purposes, said sum to be in addition to any state or federal funds made available therefor; and to raise said sum by the issuance of bonds or serial notes not exceeding One Million Dollars (\$1,000,000.00) in principal amount, in accordance with the provisions of the Municipal Finance Act, Chapter 33 of the Revised Statutes Annotated, as amended; and to authorize the District Treasurer with approval of the Hudson School Board to issue and sell said bonds or notes in the name of and on the credit of the District, said District Treasurer, with approval of the School Board to have the discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds, or take any other action in relation thereto.

13. To see if the district will authorize and direct the School Board to return to the Building Fund any funds forthcoming from matching funds for equipment spent from the Building Fund, under the Title 111 of the National Defense Education Act.

14. To see if the District will vote to authorize the School Board to take all necessary action to encourage the location of a Junior College in Hudson preferably on land now known as the Alvirne property, at no expense to the District.

15. By petition of — Willard J. Nadeau, Leo L. Patrick, Jean L. Patrick, and others: To see if the school district will vote to combine the school district elections with the town elections in accordance with state statutes RSA: 134:1, RSA: 134:3, RSA:134:4, RSA:197:1, RSA 197:1a through RSA 197:1f.

16. By Petition — To see if the School District will vote to instruct the School Board to rent the portions of the Dr. H. O. Smith School now being used by them in accordance with the conditions of the previous year, to the Hudson Lions Club, Inc., each Wednesday evening until the next annual school meeting, at a rental of \$25.00 per week.

17. To transact any other business that may legally come before this meeting.

Given under our hands at said Hudson, N. H. this 15th day of February, 1965.

REPORT OF THE SCHOOL BOARD

This can be considered as a crossroads report. Hudson has grown from a small school district, which but a few years back sent its High School students to Nashua; to a position that when the present addition to Alvirne is completed will house and educate over 1,000 students.

We have in front of us a report from Metcalf and Eddy on required school facilities over the next fifteen years calling for over \$7,000,000. in school building alone. The same report forecasts an enrollment figure in this period of approximately 5,000 students in public schools.

Your support and assistance as we advance into this expansion will be a necessary part of this program. We invite your questions and answers.

This has been a year of many major decisions and accomplishments: —

1. Building a new 16 room addition to Alvirne.
2. Revising bus routes for grades 1 thru 4 for the health and safety of the children.
3. Hiring of a new Superintendent of Schools, whose energetic guidance has already become apparent.
4. Signing a tuition contract with Pelham for High School Tuition students.
5. Employing a school teacher as transportation co-ordinator for our school buses, who has stabilized this area.
6. Proposing a new 28 room upper elementary or middle school.
7. Decision to house grade 7 and 8 at Alvirne for next school year.

Our thanks are extended to all those people who worked with us, and provided invaluable assistance and guidance, namely:

Alvirne Building Committee
Transportation Committee
Upper elementary Site Advisory Committee
Alvirne Trustees
Budget Committee
Planning Board

The planning board and its chairman actually deserve a special kind of thanks, in that they recognized our expansion problem and gave us a high priority in their work with Metcalf and Eddy which helped get our upper elementary school closer to reality.

It was with deep personal regret that we accepted the resignation of one of our members, John P. Lawrence. John's service to the district was outstanding and of a lasting nature.

Respectfully submitted,

WILLIAM L. ROBERTS, Chairman
PAUL E. LeCLAIR, Clerk
LEO N. BERNARD

R E P O R T

of an examination and audit
of the accounts
of the

HUDSON SCHOOL DISTRICT

for the fiscal year ended June 30, 1964

made by

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

August 12 & 13, 1964

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 25, 1964

The School Board
Hudson School District
Hudson, New Hampshire
Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Hudson School District for the fiscal year ended June 30, 1964, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: June 30, 1963 —
June 30, 1964: (Exhibit A)

Comparative Balance Sheets as of June 30, 1963 and June 30, 1964 are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$24,343.15 during the fiscal year ended June 30, 1964.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues:

(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1964, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$20,789.67, plus an unexpended balance of appropriations of \$599.83, resulted in a net budget surplus of \$21,389.50.

Summary Statement of Receipts and Expenditures:

(Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1964, made up in accordance with the uniform classification of account, is included in Exhibit E. Proof of the Treasurer's balance (General Fund Account), as of June 30, 1964, is indicated in Exhibit F.

Alvirne Farm Accounts: (Exhibits G, H and I)

Statements of the Alvirne Farm Accounts for the fiscal year ended June 30, 1964, are presented in Exhibits G, H and I.

High School Activities Accounts: (Exhibit K)

The High School Activities Accounts were examined and a summarized statement of these accounts is included in Exhibit K.

Statement of School Lunch Account. (Exhibit L)

A summary statement of the School Lunch Account is included in Exhibit L.

Statement of Bonded Debt: (Exhibit M)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1964, showing annual debt service requirements, is contained in Exhibit M.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased from \$22,046.35 to \$21,389.50 during the fiscal year ended June 30, 1964, as shown by the following statement:

	June 30, 1963	June 30, 1964
Total Assets	\$36,562.34	\$26,097.54
Current Liabilities	14,515.99	4,708.04
	<hr/>	<hr/>
Current Surplus	\$22,046.35	\$21,389.50
	<hr/>	<hr/>

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Hudson School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson
Frederick E. Laplante
Auditors
George L. Russell, Accountant

DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

Concord, New Hampshire

August 25, 1964

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Hudson School District for the fiscal year ended June 30, 1964. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District on June 30, 1964, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hudson —

The problems of public school education in the 1960's are challenging to all communities. To the people of Hudson, they are more than challenging, they appear awesome. This is brought to light in two recently published documents. The School Facilities Study and Plan prepared by Metcalf and Eddy and the School District budget for 1965-66. Both of these reports deserve careful attention and understanding

This current year finds 1,499 pupils attending our public schools. We are, for all practical purposes, utilizing 100% of existing classroom space. In fact, Alvirne High School is rated over 100% utilized. We are using seven out of eight rooms at the Webster School, all of the twenty-four at the H. O. Smith School, and all twenty-six spaces at Alvirne. At the elementary school level we are averaging approximately 32 pupils per classroom.

We may expect upwards to 1,850 pupils in 1965-66. Of this number about 800 will be in grades 1-6 which will be housed in the Webster and H. O. Smith Schools. We currently have 22 elementary teachers for these grades. If we hold to this number next year our classes will average about 38 in size. If we add seven teachers, for a total of twenty-nine, our classes will average about 26 pupils. To add these teachers involves a budgetary item in excess of \$30,000. These facts help to pinpoint one basic concern. Are we willing to pay for additional teachers to keep our classes of desirable teaching size?

The new addition to Alvirne, scheduled for completion in September 1965, will house grades seven and eight next year. This is a stop-gap measure, intended to relieve the pressure on elementary classroom needs, until additional building construction will allow a more desirable arrangement. The addition also allows Hudson to fulfill its contract obligation to Pelham as a receiving district for high school tuition pupils. This is a sound business arrangement for Hudson as it guarantees substantial revenue, in the form of tuition, for at least five years with an option for two more. This allows Hudson to pay off the recent \$500,000 bond issue with tuition revenue, and at the same time improve certain areas of our curriculum for all pupils.

Metcalf and Eddy have projected public school enrollment figures at 2,457 for 1969-70. Over half of these pupils (1,364) will be enrolled in grades 1-8 and will require between 45 and 55 classrooms. This is an increase of 13 to 23 classrooms over what we now have, including the 8 at the Webster School. These figures bring into focus two distinct problems. First, we need additional elementary (1-8) classrooms. Second, we need to develop a comprehensive junior high school program, suited to the needs of our young people. Just how and when these two problems are solved merits priority consideration at this time. It is desirable to discuss all types of organizational patterns that are educationally sound. However, it is of the utmost importance that Hudson builds additional classrooms.

Who is to say just which organizational pattern is best for Hudson? There are in existence today several patterns. Among these are the 8-4, 6-2-4, 6-3-3, 5-3-4, and 4-4-4. Each answers a particular problem in a particular community. The 4-4-4 plan is among the newest patterns. This may be observed in Bedford, Pelham and Manchester. Other communities are currently engaged in studying the merits of this plan. A "Middle School", housing up to 800 pupils in grades 5-8 may be desirable. It should include facilities for a comprehensive junior high school program. The Webster and H. O. Smith School could house grades 1-4 and Alvirne 9-12 until about 1970. At that time a new elementary school would probably be needed. When built it could handle elementary pupils in a particular geographical area. At the same time it might be necessary to relieve the "Middle School" of grade five, six, or both and the "Middle School" would then become a junior high school.

As we look to the future and face our problems let us maintain the quality we have built into our primary and secondary programs. Let us not sacrifice quality for quantity. We can improve our middle grades without damage to the others providing we give the problem our understanding and support.

The quality of our total educational program is measured, to a large degree by the teachers that implement our program. Combined with a teacher shortage and higher salaries in the surrounding areas, teacher recruitment is more difficult each year. If we are to attract and hold qualified teachers,

we must maintain a competitive salary payment plan. Hudson is fortunate to have an instructional staff of highly trained and qualified teachers. There are several welcome additions to our present teaching staff:

Miss Paula Lalime, Derby Line, Vermont, graduate of Rivier College, 1964, teacher of Art, grades 1-8.

Mr. James Caras, Nashua, returns after one year's leave of absence to do advanced graduate work at Boston University, Director of Guidance grades 1-12.

Miss Sandra Rolfe, Nashua, graduate of Keene Teachers College, 1964, majoring in Elementary Special Education will teach the Special Class.

Mrs. Eileen Amburg, Hudson, graduate of Boston State College will teach grade 2. This is an additional second grade made necessary due to increased enrollment.

Mrs. Jane Cross, Nashua, graduate of Plymouth State Teachers College, will join the Commercial Department at Alvirne High.

Mr. Edward Dickinson, Orleans, Massachusetts, graduate of Boston University, Social Studies teacher at Alvirne comes to Hudson with five years teaching experience.

Miss Lucille Paquette, Manchester, graduate of Rivier College, 1964, will teach Home Economics at Alvirne.

Mrs. Mildred Boulanger, Hudson, graduate of Keene State College will teach grade one at the H. O. Smith School.

Mrs. Ida Smith, Manchester, graduate of University of Rhode Island, teaches in the Science Department at Alvirne. Mrs. Smith comes to Hudson with fifteen years experience.

Mrs. Constance Marrión, Hudson, grade 4 teacher at H.O. Smith, graduate of Keene State College, previous experience in Swansey, N. H.

Mrs. Brenda Makin, graduate of Keene State College, joined the Home Economics Department at Alvirne.

Mrs. Maurine Hutchins, Weare, N. H. graduate of Mt. St. Mary College teacher of Social Studies Smith Junior High, comes to Hudson with four years experience.

Miss Gail Fairbanks, Woodbury, Conn., was appointed to teach grade 6 at Webster School. Miss Fairbanks graduated from Springfield College.

Miss Marjorie Eaton, Hull, Mass., appointed to the position of Math-Science teacher at Alvirne is a graduate of Mt. St. Mary College.

Thomas Doran, Manchester, appointed to teach English at Alvirne, graduate of Keene State College. This is an additional position made necessary by increased enrollment.

Mrs. Elizabeth Cepaitis, Dracut, Mass., graduate of Salem State Teachers College, teaches Business Education at Alvirne.

Miss Mary Connolly, Nashua, graduate of Rivier College, teaches grade four at the H. O. Smith School.

Miss Nora Wold, Portland, Maine, graduate of the University of Maine, teacher of grade one, comes to Hudson with 4 years of teaching experience.

Mrs. Verna Howe, Hudson, grade 5 teacher at Webster School graduated from Johnson Normal School.

Mrs. Rite Jackson, Haverhill, Mass., graduate of Tufts College, Masters degree from Boston University with additional graduate work at Radcliffe teaches grade one at H. O. Smith School.

Miss Patricia Reed, Brookline, graduate of Keene State College, teaches grade one, Webster School. This is an additional position created by increased enrollment. Miss Reed previously taught in Stanford, Conn., for two years.

In conclusion, I would like to acknowledge my appreciation for the cooperation of our teachers and principals and the support, interest, and enthusiasm which characterizes the Hudson School Board.

Respectfully submitted,

CLAUDE H. LEAVITT
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, N. H.

Dear Mr. Leavitt:

The following paragraphs constitute my report as Assistant Superintendent in the School District of Hudson.

Statistics, recently published by Metcalf and Eddy graphically illustrate the increasing rate of growth in pupil enrollment that Hudson schools are experiencing. The problems created by this situation are numerous and of considerable magnitude. In confronting a situation of this type and scope, it is essential that a clear understanding of the intricacies of the problem be gained and that essential goals that must be attained be well defined.

Aside from the rapid increase in high school tuition pupils, the pattern of enrollment increases indicates heavy concentration in the elementary grades. During the current year, the number of first grade sections has increased by two making a total of six. Enrollment in other elementary grades has increased to a more limited degree. However, these increases have been such as to bring on considerable concern over the present and future teacher-pupil ratio. This situation should be of prime concern to Hudson townspeople. Any further increase in the number of children that any given teacher must instruct will seriously impair the over-all instructional program.

The elementary grades experienced a growth of approximately 130 pupils in the past year. With the exception of the increase in the number of first grade sections, this enrollment increase was absorbed without increasing the number of sections on each grade level. A similar increase during the 1965-66 school year could not be similarly absorbed without damaging results.

I would emphasize that the maintenance of high instructional standards has been in large part due to Hudson's insistence that instructional groups be kept to reasonable size. It is my sincere hope that this policy will be a continuing one. Well trained and conscientious teachers placed in charge of reasonably sized groups of children are the primary prerequisites of excellent educational opportunities. This should remain the primary goal of the people of Hudson. In line with the attainment of this goal, it is recommended that seven sections be added to grade 1-6. If such recommendation is accepted, the pupil-teacher ratio will be maintained at approximately 27-30 students per teacher.

Based on the above, a total of 29 regular classrooms will be necessary to house grades 1-6 during the 1965-66 school year. In addition, 3 classroom areas will be needed to provide space for specialized areas of the instructional program. It is therefore anticipated that both the H.O. Smith and Webster Schools will be used in their entirety to house grades 1-6. This allows no room for expansion in the 1966-67 school year. It is therefore imperative that a building construction program receive immediate consideration.

Turning to specialized areas of instruction, the people of Hudson are to be commended for their continued support of their music (vocal and instrumental) and art programs. These excellent services have enriched immeasurably the educational and cultural opportunities of all pupils in all grades. Considering the rapid increase in pupil enrollment over the past few years, it would be exceedingly prudent to strongly consider extending the vocal music program to a full-time position.

The extension of Guidance serves into the elementary grades has been of inestimable value. The excellent services of Mr. James Caras is looked upon as a most valuable addition to the services available to the children of Hudson. Through the efforts of Mr. Caras, and those of the teaching staff with whom he works, much progress has been made in early identification of children's special abilities and in giving aid to children who may be having learning difficulties.

During the current school year, the children of Hudson have been the recipients of the excellent services of our new Speech Therapist, Mr. David Meltzer. Mr. Meltzer serves the Hudson School District for $\frac{1}{2}$ day each week. Unquestionably, Mr. Meltzer's time should be extended to one full day each week in order that the needs of Hudson's children can be more adequately met.

Despite the inevitable pressures brought about by constant growth in pupil enrollment, instructional standards are being maintained at a high level in the Hudson schools. The efficiency with which these schools are being operated is a credit to the building principals and the collective action and attitude of the entire staff. The people of Hudson have reason to be exceedingly proud of the high calibre instructional program being offered their children.

Respectfully submitted,

RAYMOND G. EDWARDS
Assistant Superintendent

PRINCIPAL'S REPORT

Alvirne High School

January 15, 1965

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Leavitt:

The increased enrollment at Alvirne has occasioned the formation of departments with a qualified faculty member as chairman. In doing so, the proper sequence of instruction is assured in all areas — academic, commercial and vocational. Expansion of subject content for the coming year has been planned. The probable housing of grades seven and eight at Alvirne has necessitated the sharing of facilities and placed an added burden on the faculty and administration. Retaining a qualified faculty will help in meeting this and other problems that may arise.

Since Alvirne can now be considered a large school, it behooves us to think in terms of large school facilities. Expansion in areas such as athletics, guidance and clerical aid is imperative. In addition, more efficient ways of pupil accounting and reporting are needed to better meet the needs of our school population. By utilizing proven machine methods, costly man hours can be saved and the possibility of human error can be avoided. Lastly, we must consider the possibility of maintaining some of the administrative staff on a yearly basis. Most of the planning and preparation for the following school year can be done during the summer months. Requests for transcripts, recommendations and employment can be handled with greater speed. Advice and guidance can be offered to our pupils even though they may be on vacation.

This past year has been one of growth and expansion. I look forward to even greater progress for the coming year, not only for Alvirne High School, but for all the Hudson School District.

Respectfully submitted,

CHESTER J. STECKEVICZ
Principal

DR. H. O. SMITH ELEMENTARY SCHOOL

Dear Mr. Leavitt:

In this, my second report as principal of the Dr. H. O. Smith Elementary and Junior High School, I should like to briefly comment on specific areas of growth in the total school curriculum, and present several items for consideration by the citizens of Hudson.

The modern mathematics program at the elementary level has developed rapidly during the 1963-1964 school year. The goal of preparing the student to understand as well as manipulate our number system is closer to attainment. This period of transition from "traditional arithmetic" to "modern mathematics" continues this school year. The cooperative and understanding efforts of parents and teachers in facilitating this curriculum change is not only gratifying, but of significant benefit to the student.

The teaching of reading in the elementary grades has been substantially strengthened by the introduction of comprehensive instructional materials to complement existing basal readers. The elementary teachers in Hudson can utilize a significant array of classroom aids in the teaching of reading, and are well equipped to develop and teach a broad, inclusive program of reading skills.

Perhaps the most significant addition to the elementary program is in the area of guidance. The existence on the school staff of a trained guidance person has been of immeasurable value to the educational program.

A program of instruction in reading at the junior high level is currently being expanded. A "pilot program" in reading is a part of the current curriculum. In this program, the reading teacher meets with selected students in a small group instructional pattern. Programmed texts and specialized visual equipment are used in the development and refinement of reading skills. The expansion of this program is of prime importance if the junior high curriculum is to meet the needs of the student with inadequate reading ability.

Junior high students are being exposed on a limited basis to a science program emphasizing laboratory experimentation by the student. This student-centered concept of junior high

science is designed to bring forth to the student greater appreciation of the interrelated skills, attitudes, and understandings in this field.

The creation of a school newspaper and an after-school bowling league have enriched the extra-curricula offerings at the junior high level.

In closing, may I request community consideration of the following items:

1. The development of a school library-study center that would be available to students in the elementary grades for a time period greater than the school day.
2. The creation of a program of physical education at the elementary level emphasizing the conditioning of the physique, and the evolvment of skills not normally developed in recreational play.

May I take this opportunity to thank the faculty, Mr. Leavitt, Mr. Edwards, the School Board, and the people of Hudson for the assistance and cooperation given me.

Respectfully,

CARTER B. HART, Principal

WEBSTER SCHOOL

To the Superintendent, School Board and Citizens of Hudson:
I hereby submit my report as principal of Webster School.

We now have in our building three fifth grade classes, three sixth grade classes and one first grade class. We have three new members on our staff this year: Mrs. Verna Howe to replace Mrs. Patricia Belanger, Miss Gail Fairbanks to replace Miss Margaret Dickinson, and Miss Patricia Reed to teach the added first grade.

We are continuing with our ability groupings in Reading. After careful testing each child is placed in a group where he can best achieve success in this most important subject.

Our entire fifth grade and one sixth grade class are working with Modern Mathematics. Teachers and pupils are enthusiastic about this program.

Mr. Harold Matava, Supervisor of Rinehart Handwriting, visits Webster School to teach handwriting and to check on the progress of each child.

Miss Paula Lalime gives weekly lessons in art to all our children.

Mrs. Frances Gewehr spends 40 minutes here every day teaching conversational French in Grade Five.

Mr. David Meltzer, Speech Therapist, visits us on Friday to give his individual instruction.

Mrs. Mabel Kidder spends one hour every day at Webster School teaching Remedial Reading to those who need it.

Miss Roberta Burghardt comes to our school each day to give instruction in instrumental music. 32 children are having these lessons and 16 have made sufficient progress to be made members of the Webster Junior High School Band.

Miss Theresa Grace, our Music Supervisor, in addition to weekly instruction in music for all children, has directed these extra activities: At the close of the school year in June we held our second Square Dance Festival on the fire house field. Parents and friends attended. All children took part in these dances. We were invited to send a square dance group to the Field Day at Alvirne and were proud of the performance of the children chosen to represent our school. Our Glee Club, "The Hummingbirds" are becoming a fine singing group. They were broadcast over WSMN on Christmas Day. These children are grateful to Miss Grace for this extra training.

The services of the school nurse, Mrs. Anne Christopher, are available to us at all times.

I should like to call the attention of all townspeople to the efficient regulation of traffic, both foot and vehicular, at the corner of Library and School Streets during the most congested hours in the morning and afternoon. Our Police Department is to be congratulated. We have all, school personnel and parents driving children to school, had to make some concessions to cooperate in this effort, but we know it is well worthwhile as it promotes the safety of the children.

Respectfully submitted,

MILDRED CHALIFOUX, Principal

February, 1965

REPORT OF THE DIRECTOR OF GUIDANCE SERVICES

January 15, 1965

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire
Dear Mr. Leavitt:

Since the town-wide program was begun this past fall, the report of the Hudson Guidance Department extends only from September through December of 1964.

The purpose of any program of guidance is to help the individual student become self-directive, fulfill his potentialities and accept responsibility for his own decisions. Therefore, the following Guidance Services have been established and maintained: 1—Individual Inventory Service, 2—Counseling Service, 3—Information Service, 4—Placement Service and 5—Follow-up Service. Each service helps the pupil evaluate his own abilities and limitations and assists him to make adequate choices and plans. In short, the purpose of the entire program is to help each meet the needs of educational, social and employment opportunities.

Of the Guidance Services listed above, counseling is the most difficult and the most subtle. In individual counseling the person is helped to develop insight to solve his immediate problem and similar ones in the future. The counselee who feels free enough to express and examine himself is the one who can make plans or change his attitudes or behavior.

Counseling is available when requested by pupils in grades seven through twelve and by referral for pupils in grades one through six. Parents, teachers and administrators make the referrals to the guidance staff. Pupils whose problems lie beyond the scope of training of the guidance personnel are in turn referred for psychiatric examination after consultation with the parents in question.

Listed below are the Guidance Activities for the months of September through December:

1—Number of Counseling Sessions

	High School	Junior High	Elementary
Voluntary	173	32	1
Referral	48	14	37
Routine	45	10	0
Total	266	56	38

2—Per Cent of Sessions in Counseling Areas			
	High School	Junior High	Elementary
Educational	58%	73%	63%
Vocational	11%	3%	0%
Personal	31%	24%	37%
	<hr/>	<hr/>	<hr/>
Total	100%	100%	100%

3—Frequency of Individual Interviews	
One Interview Only	14%
Two to Five Interviews	53%
Six to Nine Interviews	28%
Ten or More Interviews	5%

4—Group Counseling Sessions	19
5—Phone Consultations with parents	83
6—Office Consultations with parents	27
7—Home Visits	15
8—Staff Conferences	36
9—Case Studies Submitted	4
10—Individual Tests administered	42
11—Psychiatric Referrals Made	7

The Testing Program for all grades has been coordinated and supervised by the guidance staff. Results have been interpreted to pupils, parents and to classroom teachers as part of their in-service training program.

In addition to the services listed, it has been possible for parents to consult with a counselor during the evening hours. Understanding between parents and children can be enhanced if parents understand their own motivations and feelings. To date eleven mothers and fathers have availed themselves of this particular service.

The administration should be commended for having the foresight to propose a city-wide guidance program. Guidance in the elementary schools has only recently come into vogue and Hudson has had an excellent start. With additional personnel, the Hudson Guidance Services will continue to expand; to reach more pupils directly and better meet their needs.

Sincerely,

JAMES J. CARAS
Director of Guidance Services

REPORT OF THE SCHOOL NURSE-TEACHER

To the Superintendent, School Board Members and
Citizens of Hudson

This is a brief report for the school year September 1963 through June 1964.

For the past year our school census has increased tremendously and with school children located in four different school buildings (including St. John's) it is becoming more difficult for one school nurse to test, teach and supervise this number. There is little time for hygienic teachings, films or home calls.

Every student in our school is routinely weighed, measured and eyes checked. Hearing tests are done every other year. First aid and emergencies are taken care of as they arise.

Each student also has a permanent health record which is kept up to date.

Tuberculin Patch tests were done on over 700 students with few positive reactors. These are done on every student once every three years. This is a service provided free of charge by the New Hampshire Tuberculosis Association.

We continue to have the usual amount of contagions, but this is not abnormally high. Our list of handicapped children is comparatively low to our school enrollment.

At Alvirne, our high school, blood pressures were taken on all students, and a complete physical examination by a Nashua physician is offered to all students participating in the Physical Education Program. About 526 students took advantage of this.

We held our pre-school clinic in April when over 204 children were physically examined and registered. These to enter Public and Parochial schools in September. Of these 126 were given vaccinations as required by state law.

I can't recommend too highly the necessity, and value, for a dental clinic and a school physician, even if on a part time basis or to be available for emergencies.

I want to thank the various organizations and people in town for their many helpful deeds to me and the children of our schools. My many thanks and appreciation.

Respectfully submitted,

ANNE K. CHRISTOPHER, R.N.
School Nurse-Teacher

REPORT OF THE ALVIRNE HIGH SCHOOL BUILDING COMMITTEE

As required by the passage of Article 11 in the School District Warrant, your building committee executed a contract with Adrian Labrie Inc. for the construction of a sixteen room addition to Alvirne High School together with such alterations to the existing building as may be required by the addition.

In addition to the sixteen classrooms being added to the existing structure the basement will provide additional rooms to be used for mechanical drawing, physical education, home economics, and graphic arts. The committee felt that improvements to the existing boys and girls locker rooms and the library were needed at this time to meet the needs of the school. The sixteen new rooms on the first and second floors will be regular classrooms with the exception of one room which will be a tiered lecture room. This room will accommodate 75 students for such things as laboratory experiments, lectures, film strips, etc.

Shortly after the signing of the contract the ground-breaking took place and the foundation was poured. It is hoped that the addition will be completed by September of 1965. Although there is not much to see at this time, things are progressing on schedule.

The bonds were sent out to bid and issued at 3.10% interest rate.

While the addition is still in only the beginning stages, your committee feels that they have made every effort to provide for the requirements of the high school at a reasonable cost to the taxpayer.

Respectfully submitted,
ERNEST McCOY, Clerk

Committee:

Roger Boucher
Vincent Braccio
Paul Buxton
John Lawrence
Philip Rodgers
Leonard Smith, Chairman
Leo N. Bernard, School Board
Paul LeClair, School Board
William Roberts, School Board

SCHOOL DISTRICT MEETING

March 7, 1964

Held at Dr. H. O. Smith School, Hudson, N. H.

Meeting was opened at 1:02 p. m. by Acting Moderator Ralph A. Kelley, Clerk and Treasurer of the school district (elected Moderator Michael Baumann having left Hudson).

Introduction to the warrant and the first four articles were read. Moved by Ned Spaulding to postpone further reading of the warrant and any further action until 7:00 p. m. Seconded, and voted.

The acting moderator then swore in as ballot clerks Gertrude Loraine, Muriel Morrill, Esther Boucher, Mabel Burnham, Frances Drown, and Dorothy M. Spaulding, and swore in Ned Spaulding as assistant acting moderator. Polls were then declared open for voting on Articles 1-2-3-4.

The meeting was reopened at 7:00 p. m. by acting moderator Kelley. The invocation and flag salute were given. John Lawrence nominated Ned Spaulding Moderator pro tem, seconded by several—nominations voted closed—motion by Leo Bernard that the secretary cast one ballot for Mr. Spaulding as Acting Moderator, seconded, and voted . . . and Mr. Spaulding assumed the gavel.

Article 5. Moved by William Roberts to take up this article with Article 8. Seconded, and voted.

Article 6. Moved by Leo Bernard that we approve the reports of Agents, Auditors, Committees or officers chosen, as printed in the Town Report. Seconded, and voted.

Article 7. Leo Bernard moved "I move that the following committee be appointed as a Permanent Building Committee, to act with the School Board, for the purpose of an addition to the Alvirne High School in accordance with Article 11 of the School District Warrant. Any member of this committee who may for any reason resign from said committee shall be replaced by a voter of the district, by a majority vote of the committee.

"Members of the Committee: Ernest E. McCoy, Roger M. Boucher, Leonard A. Smith, Paul W. Buxton, G. Philip Rodgers, Vincent Braccio." Seconded by Harrison Smith.

Edwin Steckevicz offered to amend the motion to include

the elected Moderator in the above committee. Seconded by Dr. Quigley. Ballot vote resulted in 57 Yes, 86 No, and the amendment was lost. The original motion was then accepted by unanimous vote.

Another motion by Bernard, seconded by William Roberts: "I move that the School Board appoint a five-member committee to serve with the School Board to study the School Bus needs of the District and report with proper recommendations at the next Annual School District Meeting." Motion was accepted.

After brief discussion and a one-minute recess Mr. Bernard made the following revised motion (the Moderator having indicated that by state statute the committee would have to be appointed immediately): "I move that the School Board appoint a five-member committee to serve with the School Board and that this committee be appointed within 30 days. The Committee is to study the School Bus needs of the District and report with proper recommendations at the next Annual School District Meeting." Seconded by Quigley, and accepted.

Dr. Norwood Keeney moved, "I move that a committee of five persons be appointed by the Moderator to make a complete study and investigation of the possible uses for the so-called Summer House on the Farm Property at Alvirne. This committee to report on its findings at the next School District Meeting, with recommendations for the disposition or use of the property, keeping in mind the original intent of the wishes of the late Dr. A. K. Hills, our Alvirne benefactor. Under this motion the Moderator is directed to appoint the following persons, who shall elect from their number a chairman and secretary: Hazel Buxton, H. W. Canfield, William Roberts, School Board Member; M. David Walch (an architect), and Lionel Boucher, Building Inspector. If the committee finds a suitable use of the property, estimates shall be prepared and a proper article inserted in the next School District meeting warrant for action by the people in the district." Seconded by Harrison Smith. Following brief discussion, the motion was defeated.

Articles 5 & 8. Mr. McLavey moved that Articles 5 and 8 be accepted as printed on pages 112-113-114 of the Town Report—seconded by several. After discussion, the motion was accepted.

Article 9. Roger M. Boucher moved for approval—seconded, and voted.

Article 10. Leo Bernard moved for adoption of the article, seconded by Mr. Knights. Much background material given by Mr. Bernard with lengthy discussion. Motion by Lionel Boucher to postpone action on Article 10 until after action on Article 11—seconded, but lost. Amendment offered by John Bednar, “. . . and that a contract of not less than three to five years be negotiated with the Pelham School District.”

Following a recess, Mr. Bednar changed the amendment to read “. . . not less than three years . . .” Further discussion, and then the amendment was put to a vote. Result: the motion was defeated. Article 10 was then accepted by vote.

Article 11. John Lawrence moved “I move that the District authorize the design, construction and equipment for a 16-room addition to the Alvirne High School on land now owned by the District together with such alterations to the existing building as may be required by said addition all as determined by the school board, and that the sum of \$500,000.00 be raised and appropriated for the purposes and to authorize the school board to borrow on the credit of the District all or any portion of the sum so appropriated in accordance with the provisions of the Municipal Finance Act, RSA Chapter 33, to defray the expenses of said program. Motion seconded. Discussion ensued until 8:42 p.m., when a 20-minute recess was declared by the Moderator.

The meeting was reconvened at 9:06. Moderator declared the polls would remain open until the meeting ends. Objection by Bednar. A vote was taken, and the Moderator upheld. Considerable detailed and lengthy discussion followed.

Amendment offered by Mr. Whittaker to include in the article the words “completely equipped” but no second was heard. Moderator Spaulding turned over the gavel to Herbert Canfield in order to make the following amendment: “. . . and that the bonds be sold for such terms as the School Board may determine at public sealed bidding to the best advantage of the Hudson School District.” Seconded by Quigley. On request by John Lawrence, Mr. Spaulding withdrew the amendment saying he would offer it as a resolution of instruction after a vote is taken on the motion.

James Bardsley, Clifton Rowell and Horace Knights were appointed tellers (bond issue requires 2/3 approval by the voters) but Mr. Lawrence requested a ballot vote. The result: 177 yes, 11 no. The article was accepted.

Ned Spaulding offered as a resolution, "Resolved that the School District meeting authorize the School Board to sell bonds for such terms as they may determine at public sealed bidding to the best advantage of the Hudson School District." Seconded by Lawrence—accepted.

Article 12. John Bednar moved the adoption of this article (seconded), and spoke in favor. Comments pro and con by John Lawrence, Leo Bernard, Kenneth Clark. Mr. Bednar and the second withdrew the motion and second. John Lawrence moved that the article be indefinitely postponed—seconded. After some discussion, the motion passed.

A rising vote of thanks was extended to Louis Ramsay, former Superintendent of Schools, who resigned last year.

Ned Spaulding thanked everyone present for the most harmonious meeting he had ever moderated.

A moment of silence was held in memory of Arthur Lougee and Mildred Fuller who passed away during the past year.

Meeting adjourned at 10:50 p. m.

Announcement of Ballot

Total ballots cast: 287.

For Moderator:	Ned Spaulding (elected)	229
	John Bednar	17
	Kenneth Clark	9
	Lionel Boucher	5
	Leo Bernard	2
	Ralph Kelley	2
	1 each for Lake Munday, Tom Claveau, Robert Beaudry, Roland Latour, Edwin Steckevicz, and Jim Clark	
For School Board	William Roberts (elected)	224
Member (3 years):	Roland Latour	44
	Ken Clark	2
	1 each for John Bednar, Horace Knights, Mabel Burnham, Robert Smith, Gordon Boutilier	
For Treasurer:	Ralph A. Kelley (elected)	278
	Dorothy Pitfield	2
For Clerk	Ralph A. Kelley (elected)	277
	Victor Misek	4

SPECIAL SCHOOL DISTRICT MEETING

July 30, 1964

Held at Dr. H. O. Smith School, Hudson, N. H.

Acting Moderator Ralph A. Kelley opened the meeting at 7:30 p. m. Paul LeClair moved that it be recessed until 7:45 p. m. (approx. 18 people in the hall). Seconded, and voted.

Meeting was reconvened at 7:45 p. m. Mr. Kelley called for a moment of silence in honor of the elected moderator, Ned Spaulding, who died recently.

Following the flag saute, the acting moderator read the warrant and affidavit of posting, and statement of the Budget Committee dated July 16, 1964—which included in the list of committee members the name of Willard J. Nadeau, replacing deceased committee member Ned Spaulding.

Article 1. John Bednar questioned the legality of the meeting, there being no tape recording made, and questioned necessity for the meeting in the first place. Discussion of parliamentary procedure ensued.

Paul LeClair moved (seconded by Leo Bernard):

"I offer the following motion and move its adoption:

That the Hudson School District appropriate the sum of \$500,000.00 for the purpose of designing, constructing, and originally equipping and furnishing a 16-room addition to the Alvirne High School upon land owned by the District, and for making such alterations to the existing building as may be required by said addition; to raise such appropriation by the issuance of bonds or notes in a manner determined by the Municipal Finance Act, R.S.A. Chapter 33; and that the School Board be authorized to take any other action necessary to carry out this project."

Mr. Bednar questioned the status of Mr. Kelley as acting moderator, objecting that there was in effect no clerk present. Kenneth Clark moved that a clerk pro tem be elected (seconded by several). Lake Munday volunteered. Motion then passed.

A tape recorder was brought in at 8:03 p. m. by Mr. Leavitt and put into operation.

Further question by Mr. Bednar regarding failure to note the technicality which had caused the calling of this special meeting. Mr. Bernard said that counsel had simply made a mistake (a technical deficiency in the posting)—the Budget Committee did not put it under capital expenditures.

Discussion followed with questions regarding length of contract for tuition pupils, architects to be used, number of local pupils present and projected and of outside tuition pupils, etc.

Motion for the previous question, seconded, and request that vote be taken by secret ballot. Lionel Boucher was appointed supervisor of voting. Tellers appointed were Romeo Morin and Claire Smith. Result of vote: 73 in favor, 5 opposed. Moderator declared the article accepted.

Meeting adjourned at 9:18 p. m.

REPORT OF HUDSON SCHOOL BUS TRANSPORTATION COMMITTEE

The Hudson School Bus transportation committee was appointed by the school board to assess the present school transportation system, to suggest improvements, and make recommendations to the board.

Committee members include Grant Dearborn, chairman, Mrs. Alice Jones, Richard Yon, John Carlson, Gerard Nantel, McKinley Hatfield and David Thompson, clerk.

Our first meeting was held on April 14, 1964 and our earlier efforts were directed toward the accumulation of data on each child in the school system with regards to transportation, as well as those children that are not yet of school age, to help us determine future needs.

During our earlier meetings we felt that the 1½ mile walking radius from the school should be well defined, so the committee spent many hours measuring along major routes from the corner of Library and School Sts., and marked the nearest electric power pole with two aluminum colored bands.

We held an open meeting on Tuesday, June 9, at 7:30 P. M. in the cafeteria of the Dr. H. O. Smith School. The purpose of this session was to answer questions on our activities to date, and to receive suggestions concerning the school bus system. The meeting was well attended and many helpful suggestions were obtained.

Subsequent meetings were held during the summer and some tentative recommendations were offered at another open session on Oct. 22, 1964, again in the Dr. H. O. Smith School.

As a result of many meetings much discussion, and a lot of work, the following recommendations are submitted:

1. A long range program of sidewalk construction to alleviate dangerous walking conditions on major arteries, including Lowell Rd., Central St., Ferry St., Derry Rd., and Litchfield Rd. for the distance of one mile from existing sidewalks. We recommend completion on Lowell Rd. and Ferry St., by September of 1965, and a conclusion of the entire project by 1968.

2. We recommend the school bus pickup limit be reduced from 1½ miles to approximately 1 mile for grades 1 - 4.

3. It was suggested to the school board earlier in the year that a bus and pupil coordinator be hired and this was acted upon by the board at that time. The position has been taken by Mr. Emery Booska of the Alvirne High School staff.

4. We feel that high school pupils should follow the usual grammar school procedure as to walking 1½ miles to school and 1 mile to a bus pickup. High school pupils are currently favored with a much more privileged mode of transportation.

5. The school board should see that the schools set up a crossing guard system to help ensure the safety of children crossing the streets, and to keep them walking on one side of the street only.

6. It was felt that a considerable saving could be effected over the years in our school transportation costs if a road or street could be constructed from the area known as Alvirne Estates to the Alvirne High School, thereby allowing pupils in the area the privilege of walking to school instead of being bussed down the Litchfield Rd., and back up the Derry Road.

The committee is of the opinion that if each of the above recommendations are acted upon favorably, the result will be a school transportation system that is convenient for as many pupils as possible, and will embody considerably more safety for all the school children than the system currently in use.

Respectfully submitted,

DAVID G. THOMPSON, Clerk
